For programs requiring registration, email the library (castletonfreelibrary@gmail.com); follow us on Facebook and send a message; or call 468-5574 to leave a message for Jan. I need to know the program of interest, child's name and grade in August, and contact information. **I will contact you back to confirm** or let you know that you're on a waiting list – some programs have limited enrollment and may fill quickly!

All programs are free. Please register ASAP.
